

CHARGE YOUR BODY WITH NEW ENERGY

Enjoy a new sense of vitality.

ARCTIC BOOSTER

Noni fruit and lingonberry

This exceptional product combines two nature's wonders that grow in extreme conditions on either side of the world: the noni fruit and the lingonberry. Studies have shown that the amino acids in the noni fruit and the lingonberry complement each other in a unique way, further enhancing the effects of the product.

ARCTIC BOOSTER: INGREDIENTS

NONI FRUIT

Already for thousands of years, Noni has been considered to be the most important health-promoting plant in ancient Polynesian culture. Noni trees push their roots deep into lava, and acquire a wide variety of minerals from there. In our products, we only use noni fruit that has been hand-picked from trees.

**Helps to fight fatigue and to maintain performance.
It also promotes mental and physical performance.**

LINGONBERRY

Even on itself, the lingonberry is a super-berry, but combined with the effects of the noni fruit, it is absolutely unbeatable! In the wild, it grows in tough conditions, storing energy and vitality.

**Helps to maintain natural immune resistance.
Helps to protect cells against oxidative stress.**

Product information / FI / 2021
